

SHS Math Club  
2009-10  
Club Guidelines

### SHS Math Club Guidelines

1. To maximize efficiency, only one person should speak at a time during club discussions.
2. While solving problems, collaboration is the key to success.
3. Use other club members and materials as resources for your learning.
4. Work hard, play hard – math club can be both serious and fun at the right times, so focus your energy accordingly.
5. It is the responsibility of the club officers to serve you - if you have any questions/suggestions/complaints, please do not hesitate to speak to one of our club officers.
6. Make commitments carefully and keep your decisions firm once they are made.
7. Remain respectful and attentive at all times.
